Upon a motion by Mr. Rahman, a second by Ms. Kisling, and unanimous approval, the minutes of the November 20, 2025 meeting were approved.

4. Preliminary Fiscal Year 2026-27 Operating and Maintenance Budget for the 91st Avenue WWTP

Ms. Gonzales stated that there is not typically a presentation on this item, as that was done at the SROG Finance Committee meeting, and asked if there are any questions regarding the FY 2026-27 O&M Budget.

Mr. Roye asked about the rationale of the increase in the Replacement Fund from \$8 million to \$10 million. Ms. Gonzales responded that quite a few years ago, the City of Phoenix proposed gradually increasing the Replacement Fund, and in doing so, it went from \$5 million up to \$8 million. Then when Phoenix provided the five year Replacement Fund schedule, they indicated that starting in FY 2026-27 the intention to increase it to \$10 million to cover the ongoing expenses and reflect an increase in prices that is occurring out at 91st Avenue. She explained that we all know that it's an older plant, and repairs are necessary as the equipment is aging. Ms. Gonzales referenced the 91st Avenue Replacement Fund schedule included in the packet for FY26-27 through FY30-31 and pointed out that Mr. Masche has broken out how those funds will be allocated.

Mr. Roye asked when the increase was discussed. Ms. Gonzales responded that she is thinking three years or so ago. Mr. Roye responded that he was looking at what was spent in recent years and he said that Glendale's preference would be to budget for \$8 million and pull any extra out of the contingency fund as needed rather than budget for the full \$10 million for the next five years. Ms. Gonzales stated that the desire is to maintain the plant without constantly being reactive which pulls away from other maintenance.

Upon a motion by Ms. Kisling, and a second by Mr. Rahman, the SROG Advisory Committee recommended that the SROG Committee approve the proposed Fiscal Year 2026-27 Operation and Maintenance Budget base request of \$90,655,561 which includes a contribution of \$10 million to the Replacement Fund and estimated expenditures of \$10 million be adopted as presented by the City of Phoenix, that the Fiscal Year 2025-26 CIP Replacement Fund Balance be adopted as presented by the City of Phoenix, and that the five year CIP Replacement Fund for Fiscal Years 2026-27 through 2030-31 be adopted as presented by the City of Phoenix. Glendale opposed the motion.

5. Interceptor Capacity Improvements – 90160113

Mr. Amavisca stated that he is requesting SROG authorization to enter into contract with Brown & Caldwell and Achen Gardner for professional consultant services for design, construction administration and inspection, and construction manager at risk preconstruction services for SROG Interceptor Capacity Improvements, project 90160113. He gave some history of this project, with SROG approving the request to advertise, select and negotiate a scope of service and fee at the June 2024 Advisory meeting. Both Brown & Caldwell, and Achen Garder were selected through a qualification based process. The scope was reviewed by City of Phoenix, then sent to SROG partners for review with

comment due on Dec 5, 2025. Brown & Caldwell has a not to exceed number of \$8.565 million, and Achen Gardner has not to exceed number of \$596,000. The expected duration of this design is 589 days. The Advisory Committee also approved a new billing schedule for this project, Billing Schedule 67 with the breakdown per city as Mesa 5.8%, Phoenix is 57.8%, Scottsdale at 5.8%, Tempe at 30.6%.

Upon a motion by Ms. Kisling, and a second by Mr. Cassens, the SROG Advisory Committee recommended that Phoenix be authorized to enter a contract with Brown and Caldwell for an amount not to exceed \$8,565,000 to provide Design and CA&I services related to SROG Interceptor Capacity Improvements (segments 11,12, 13) project. Funds for these services are available in the SROG CIP Cash Flow beginning in Fiscal Year 2025-26.
